Joola 8/9 Conversion Top

The ideal option for converting a billiard table into a full functioning table tennis table. The Conversion Top comes in two separate halves to make set-up easy. The table tennis table is made of 5/8 inch (15mm) MDF with a sleek, charcoal black painted surface. This high-quality JOOLA surface is a key component in creating a consistent ball bounce and preventing warping. The underside consists of a soft EVA foam padding that creates a protective cushion between the billiard table and the conversion top. Recommended for both 4ft x 8ft and 4.5ft x 9ft billiard table sizes. Comes complete with a special top mounted post, net set. Carton Dimensions: 63" x 60" x 3" and weighs 115 lbs.

UNDERSIDE

TABLE TENNIS ROBOTS

Joola iPong Robots

The iPong line of table tennis robots adds a whole new side of fun and excitement to the sport. Players will no longer need to wait for a practice partner with these compact machines that vary from beginner to advanced features that play more like a "live opponent" rather than an inconsistent "playback feature".

iPong Expert

Using innovative spiral-gravity design to feed the balls, the Expert is, without a doubt, the simplest way to begin fun, solo, table tennis practice. Just hit the ON/OFF switch to start. Set it. Load it. And play.
