

TAKE THE SHOT!

INTRODUCTION

At Shot! we celebrate the fun that comes when people get together to play the game of darts - whether that be friends and family relaxing socially, or competitive players giving their all at club or elite level.

For those looking for proven products or those wanting the next innovation, you will find some of the most exciting new darts products on offer, including the Nomad dart stand and the new Infinity darts range.

Darts is all about passion, pride, precision and performance – but most of all it's about people. We get that and that's why we love the sport!

New to darts? No problem! In this issue, we introduce Shot! Start as the perfect introduction for new darts players.

Our team are proud to be making the best of darts and dartboards for over 45 years in Katikati. Where our manufacturing plant is AS/NZS ISO 9001:2008 quality accredited. So you can be assured of our commitment to quality and our ability to customise and create products for clients and markets. This makes Shot! unique and there is no substitute for this sort of direct hands on know how!

For more information, games and tips VISIT WWW.SHOTDARTS.COM and follow us on social media for the latest news.

YOUNG GUNS

As part of our commitment to the game we focus our investment into the youth and their senior mentors by forming the 'Young Guns' sponsorship programme.

The programme is intended to ensure the future stars of our game receive the support they need and also that players world wide get to develop their own game with the very best product possible.

We currently sponsor young guns in countries including New Zealand, Australia, USA, Canada, Hong Kong, Malaysia and Taiwan.

Visit www.shotdarts.com for more information.

Dartboards

SHOT! BANDIT DARTBOARD BENEFITS

• Shot! dartboards are *made in New Zealand* by our dedicated team that have input and control over the whole process.

• Made from *premium quality conditioned African sisal* for its resilience and visibility.

• Boards are manufactured to *optimal density* compared to a standard dartboard to allow deeper dart penetration for less bounce outs and a higher scoring potential.

• Boards are sanded in multiple directions giving a finer playing surface which not only provides a vibrant surface but also means the *bristle heals effectively for longevity*.

• Depth of quality eco inks for a deep durable *high visibility low glare* colour-fast surface.

• *New improved razor bladed white wiring system* made from high tensile steel to prevent bending and deforming. This is high visibility with no wire or staples to prevent bounce outs for maximum scoring.

• Bladed outer and micro inner bulls eyes for higher scoring and to *virtually eliminate bounce outs*.

• Featuring composite edging made from recycled plastics for a modern look while allowing *easy number rotation*.

• Unique wall bracket included for *ease of installing and rotation* without removing dartboard.

• Complies with *World Dart Federation specifications* for tournament use.

• Throwline and darts handbook included.

• Full size boards 18" x 1½".

Depth of inks

Bladed Bulls

Composite edge

Hanging bracket

THE BANDIT - THE ORIGINAL [SB3001](#)

The innovative BANDIT Board virtually solved the problem of bounce outs. By creating an entirely new approach, instead of a wire spider, the Bandit has micro thin diamond edged blades which result in greater playing surface and increased scoring.

Shot!TM
www.shotdarts.com

In 1992 Puma Darts developed the original Bandit board at our factory in Katikati, New Zealand and in 2009 the Bandit Plus board. Having our own dedicated factory means we have control over the whole process and skilled board makers.

“Not all dartboards are created equally.”

BANDIT PLUS [SB3002](#)

★ LIGHTER AND QUIETER

Composite backing board

The Shot! Bandit Plus will deliver on performance and style. The composite edge and backing board give the board a clean modern look. The backing board is made from a percentage of recycled plastic, is recyclable and results in a significantly lighter and noticeably quieter dartboard. No MDF is used. The mounting bracket makes the Bandit Plus so easy to install and rotate securely.

BANDIT PLUS PROTRAINER [SB3003](#)

★ GREATER CHALLENGE

The Shot! Bandit Plus Protrainer is designed as a practice or training dartboard for competitive players. It has the same superior high scoring and long lasting qualities of the Shot! Bandit Plus dartboard with the added features of reduced sized doubles, trebles and inner bullseye allowing players to sharpen their accuracy and the extra value of 2 extra inner bulls eyes for longevity.

BANDIT ^{A2 size}
FINISH
POSTER ^{SM3860}

NOMAD DARTBOARD STAND [SM3804](#)

★ This is a compact and portable one piece dartboard stand can be set up anywhere.

- 1 piece Folds away
- Easy 1 person assembly
- No fixings
- Compatible for corners
- Rechargeable lighting so not reliant on wall sockets
- Foam dartboard surround for all around protection
- Scoreboard wall protectors
- Rotatable wedge free "U" dartboard bracket
- "Damage free" contact with wall surfaces
- Sturdy and free of movement during play
- When assembled stands approximately 6ft 8" (2080mm)

NOMAD LITE

The recreation version of the Nomad is COMING SOON this lite version is more economical and packed with some of the same features as the Nomad.

QUANTUM DARTBOARD CABINET

SC3107 Oversized cabinet that is compatible with Bandit dartboards installed using Shot's specialised hanging bracket.

- Quality wooden cabinet with black veneer
- Quality brass spring loaded hinges
- Compatible with all official size bristle dartboards
- Quality metal reinforced corners for hanging
- Dry erase scoreboards

Cabinet size:
H 632mm (25")
W 552mm (22")
D 85 mm (3")
Open: W 1130 (45")

Great range of dartboard accessories for home, club and competitive use.

DARTS REFEREE TOOL

[SM3892](#)

To align your dartboard the referee tool fits into the 20 segment and has a built in spirit level to ensure your board is perfectly straight.

THROWLINE [SC3122](#)

Durable hard wearing material prevents wear, easy to apply self adhesive backing sticks to all hard surfaces to provide a throwing distance line and precise toe line-up points. *Size: 695mm x 115mm*

SCOREBOARD [SM3803](#)

Shot! Scoreboard can be used as a stand alone scoreboard or you can attach to the wall. The game featured on the scoreboard is Killer/Cricket, but the board can also be used for other games like 301 and 501.

HANGING WALL BRACKET [SM3802](#)

This innovative mounting kit is an easily removable, versatile dartboard mounting device made from heavy duty nylon offering greater stability and strength than conventional basic steel dartboard mounting brackets, whilst the unique interlocking design allows for easy dartboard rotation.

DART MAT [SC3120](#)

Shot! Professional heavy duty 9kg rubber dart mat. A major benefit of the dart mat is that it protects the floor directly in front of the board from bounce outs. Printed with steel and soft tip throw lines. *Size: 3.5mm thick 620mm wide.*

ONE PIECE SURROUND

[SC3123](#)

This injection moulded plastic professional dartboard surround is ultra heavy duty and long lasting and simply fits securely over all standard sized dartboards with no fixing required to provide full protection. Available in black and red.

FOUR PIECE SURROUND

[SC3121](#)

Shot! Dartboard Surround divides into four pieces that easily fit together, helping to protect walls from accidental damage. This injection moulded high density foam protection ring fits around a standard bristle dartboard, no fixings required and can be reversed. Available in black.

COSMO FIT FLIGHT

The Shot! branded Cosmo Fit Flight is the most innovative flight and shaft system. Common flight shapes are installed by pushing the full flight system onto the shaft, creating a complete unit. This new push-in system is manufactured to the highest specification creating perfect results every time. The Fit Flight system eliminates robin hooding as the top flight unit is an all in one. Only to be used with the Cosmo Fit Flight Shafts.

BLACK & WHITE MIXED [SF3600](#)
 WHITE [SF3602](#)
 BLACK [SF3604](#)

COSMO FIT FLIGHT AIR

The Fit Flight AIR is about 35 percent thinner than the standard Fit Flight, which gives it a further weight reduction of about 33 percent!

BLACK & WHITE MIXED [SF3601](#)
 WHITE [SF3603](#)
 BLACK [SF3605](#)

L-STYLE SIGNATURE FLIGHTS

Branded with Shot! and Puma Darts these L-Style signature champagne flights, include champagne rings that provide a secure fit and eliminate robin hoods. They keep a perfect 90 degree angle for an accurate throw. Soft and flexible, easy fit and durable.

GUARANTEE

By the very nature of the sport of darts, it is not possible to guarantee darting equipment. The best materials and craftsmanship used in manufacture ensures top performance and satisfaction. Naturally, any failure due to any defect in materials or workmanship will be rectified.

RANGE CHANGES

Changes in the Shot! range, packaging and presentation are constantly occurring and we reserve the right to discontinue, alter or substitute where appropriate.

WARNING

Darts is a game of skill for adults. The equipment could cause injury to children when used without proper adult supervision. Extreme caution should be exercised in the display and sale of darts equipment where children might purchase without parental approval.
